TOTAL ALTERNATE BID IN WORDS:

SixTY four Thousand DOLLARS

AND Zero CENTS

NOTE: The estimated quantities listed in the Proposal Bid Sheet(s) are supplied to give an indication of the general scope of the work, but the accuracy of these figures is not guaranteed and the bidder shall make his own estimates from the drawings. In case of a variation between the unit price and the totals shown by the bidder, the unit price will be considered to be the bid. Except where a lump sum is requested, in the case of a variation between the unit price and the total(s) shown by the bidder, the unit price will be used to calculate the total for the item based on the number of units involved in the item. Upon completion of the construction, if the actual quantities show either an increase or decrease from the quantities given in the Proposal Bid Sheet(s), the Contract Unit Price will prevail. Increases or decreases in quantities shall not be subject to Section 3-2.2.1 of the Standard Specifications. Full compensation to be paid will be the contract price for the actual work completed, and no additional compensation will be allowed therefor. Payment will not be made for materials wasted or disposed of in a manner not called for under the Contract, this includes rejected material not unloaded from vehicles.

Pursuant to Labor Code sections 1775.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work.

NOTE: The estimated quantities listed in the Proposal Bid Sheet(s) are supplied to give an indication of the general scope of the work, but the accuracy of these figures is not guaranteed and the bidder shall make his own estimates from the drawings. In case of a variation between the unit price and the totals shown by the bidder, the unit price will be considered to be the bid. Except where a lump sum is requested, in the case of a variation between the unit price and the total(s) shown by the bidder, the unit price will be used to calculate the total for the item based on the number of units involved in the item. Upon completion of the construction, if the actual quantities show either an increase or decrease from the quantities given in the Proposal Bid Sheet(s), the Contract Unit Price will prevail. Increases or decreases in quantities shall not be subject to Section 3-2.2.1 of the Standard Specifications. Full compensation to be paid will be the contract price for the actual work completed, and no additional compensation will be allowed therefor. Payment will not be made for materials wasted or disposed of in a manner not called for under the Contract, this includes rejected material not unloaded from vehicles.

Pursuant to Labor Code sections 1775.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work.

NOTE: The estimated quantities listed in the Proposal Bid Sheet(s) are supplied to give an indication of the general scope of the work, but the accuracy of these figures is not guaranteed and the bidder shall make his own estimates from the drawings. In case of a variation between the unit price and the totals shown by the bidder, the unit price will be considered to be the bid. Except where a lump sum is requested, in the case of a variation between the unit price and the total(s) shown by the bidder, the unit price will be used to calculate the total for the item based on the number of units involved in the item. Upon completion of the construction, if the actual quantities show either an increase or decrease from the quantities given in the Proposal Bid Sheet(s), the Contract Unit Price will prevail. Increases or decreases in quantities shall not be subject to Section 3-2.2.1 of the Standard Specifications. Full compensation to be paid will be the contract price for the actual work completed, and no additional compensation will be allowed therefor. Payment will not be made for materials wasted or disposed of in a manner not called for under the Contract, this includes rejected material not unloaded from vehicles.

Pursuant to Labor Code sections 1775.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work.
