

START

A RECYCLING PROGRAM

Getting Started

CR&R offers waste audits for businesses seeking to improve their current recycling and waste programs. A CR&R Recycling Coordinator will evaluate your waste stream from the inside out so that we may create a total recycling and waste program customized to your business. To schedule an appointment for a waste audit, please call (877) 728-0446.

Customized Recycling Programs

CR&R realizes that your business may require a unique recycling and waste program specifically designed to meet your needs. We will work with you to determine the types of materials your business disposes of and structure a program using the space you have available in and around your office for collection.

Savings

Recycling is not only good for the environment, it can be great for your bottom line. CR&R provides commercial recycle bin service at a reduced rate. By exchanging a trash bin with a recycle bin, your monthly bill may be significantly reduced. Let us show you how to better manage your waste stream and put money back in your business and not in your trash bin.

Recycling Bin Dimensions

3 yard - 4'h x 7'w x 4'd

4 yard - 5'h x 7'w x 5'6"d

Recycling Cart Dimensions

60 gallon - 41.75"h x 24.25"w x 31.75"d

90 gallon - 43.25"h x 29.75"w x 35.25"d

OTHER SERVICES

Bulky Items, White Goods & E-Waste Recycling

Items that cannot properly fit in your bin, such as a chair or desk, are considered bulky items and require a special pick up. White goods (i.e. refrigerators, freezers) and electronic waste cannot be disposed of in your bin. Electronic waste (e-waste) is anything with a circuit board or battery, such as computers, telephones and copiers. CR&R will collect and properly dispose of and recycle these items.

To schedule a pick-up, please call CR&R's customer service department at (877) 728-0446.

Temporary Collection

Throughout the year, your business may generate additional waste from spring cleaning or a construction project. Please call for more information about ordering a temporary container.

Hazardous Waste

Hazardous wastes are products that are flammable, corrosive, reactive or toxic. They are dangerous to the public and the environment. It is illegal to dispose of hazardous wastes in your CR&R bins.

For a list of companies that accept business hazardous waste, please visit www.oilandfills.com, click on Hazardous Waste, then click on Business Hazardous Waste referrals.
